## GARDEN CLUB ACHIEVEMENT DAY DRAWS LARGE CROWD AT CROSSFIELD

CROSSFIELD. — The Happy Gang Garden Club of Crossfield local branch of the Alberta Girls' Club held their annual Achievement Day on Thursday, Aug. 31 in the Crossfield Memorial Hall before a record attendance.

The Happy Gang Garden club of Crossfield, local branch of the Alberta girls' clubs, held their annual achievement day on Thursday, August 31 in the Crossfield memorial hall before a record attendance.

Fifteen gaily decorated tables were exhibited by the girls and among the articles shown on these tables were canning, garden vegetables, cut flowers, herbs and project books. The displays were judged by Miss Priscilla Mewha, who has succeeded the former Miss Norma Hogg as Calgary district home economist and Mr. G. Braithwaite, fieldman for the Alberta Wheat Pool.

Mrs. Arnott of the Crossfield district donated many flowers which were very much appreciated by the club.

Tea was served during which a number of local artists presented a very fine program. As a feature attraction in the program the members of the club were very proud to have as their guest speakers, Mr. Healing and Mr. Slater from Terris Florists, Calgary, who gave a very interesting talk and demonstration on flower arranging. This demonstration showed how flowers can be made beautiful when arranged properly. At the close of the demonstration Mr. Healing presented Joyce McDonald, Barbara Bills, Joanne Copley and Donna McNaughton each with a beautiful bouquet for their low flower arrangement display. The bouquets which were presented to the girls were arranged by Mr. Slater, who is one of western Canada's finest flower arrangers.

The afternoon was truly a great success and the Garden club would like to take this opportunity to thank all who helped in making it that way.

### Garden Club Year Project

The Happy Gang club beautified the grounds of the Cross-

field United church as their year project. Many lovely flowers were donated and it now looks much nicer. The club is quite proud of their work and feel that their effort was worth while.

Mr. Ellis Banta won the door prize which was a very pretty flower vase and was donated to the Garden club members by a district admirer who certainly thinks the club is tops.

## Teaching Roster Completed For Crossfield Schools

The following teachers have been engaged for the local school: Principle, Mr. H. Mumby; Assistant High school teacher, Miss Sequoia; Grades 7 and 8, Mr. L. McDougal; Grades 5 and 6, Miss Stagg; Grades 4 and senior 3, Miss Thomas; Grades 2 and junior 3, Miss Cradick; Primary, Mrs. Blair.

The WA Red Cross serving met Friday as usual in the church parlor and tea was served at 4 p.m.

## Ladies' Auxiliary Holds Party Recently

ROCKYFORD. — The Rockyford branch of the Ladies Auxiliary to the Canadian Legion, B.E.S.L. held their first birthday dinner on Thursday, August 17, 1950, in St. Rita's auditorium. The dinner table was centered with a birthday cake, holding a large candle in honor of their first year. Place cards held a miniature union jack and other table decorations were bouquets of garden flowers, flags and streamers of red, white and blue.

Mrs. F. Houghton, local president acted as official hostess, welcoming the guests. Mrs. Towers, Provincial President and Mrs. Dexter, provincial Secretary. Mrs. Heimbecker presented the guests with corsages of roses, ribbons with red, white and blue. Officers of the local branch also received corsages. Mrs. Heimbecker proposed the toast to the king.

After dinner, Mrs. Towers gave an interesting talk about the history of the auxiliary and the work that it has done, and is now doing. Mrs. Dexter then spoke about canteen work in Calgary during the war, showing how a group can work hard at a project and yet have a lot of fun in the enterprise.

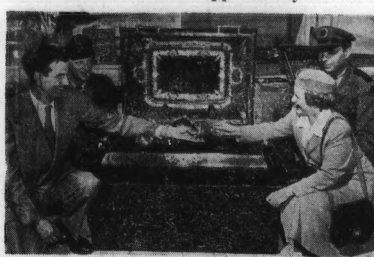

Mrs. A. J. Geeraert, secretary of the local branch gave a report of the organization activities for their first year, comparing the growth of the auxiliary with that of a baby's first year.

Local business firms sent messages of congratulations. A singing followed with Mrs. E. Johnson, local treasurer at the piano.

Mr. H. Katterhagen showed slides of Yellowstone Park, Banff and the Calgary stampede. On behalf of the Auxiliary Mrs. Heimbecker thanked Mr. Katterhagen for his time.

The evening closed with God Save the King and a very successful birthday party will be remembered by the members.

## It's a Golden Opportunity

GOLDEN OPPORTUNITY for TCA Stewardess Fran Russell to examine a part of a \$10,000 gold tea service was afforded when the shipment arrived at Vancouver Air Port recently. The beautiful service wrought by Adie Bros. of Birmingham was flown to Vancouver for exhibit at Pacific National Exhibition. C. N. Woodward, a sponsor of the shipment does the honours as armed guards Reg Keen and Victor Vanhersee look on. The tea set will tour the U.S. following the P.N.E. and will be sold to the highest bidder. (TCA PHOTO)

## CROSSFIELD NEWS BRIEFS

CROSSFIELD. — Gerald Hurt was taken to a Calgary hospital, evidently suffering from an allergy of some sort. He spent a few days there until the poison was reduced; but is back home feeling much better.

We are sorry to report that Mr. R. Green was severely hurt last Tuesday when he became tangled up in a power take-off whilst operating a swather on his farm. His clothing was torn off; he was bruised and lacerated and is now in hospital (General) with a fractured hip. We wish him a speedy recovery.

Mr. H. Fitzpatrick of the Atlas lumber company has been in the General hospital for over a week, where he has undergone surgery. Harry is reported doing very well.

Mrs. Charles Northcott, sister of Mrs. Garnet O'Neil is visiting at the O'Neil home.

Mrs. Frank Laut entertained the guest speakers at the Garden club at a noon dinner in her home on Thursday.

The leaders of the various organizations of the church met in the church on Friday, Sept. 1 for the purpose of reorganizing for the fall term.

Raymond Lee enrolled with Henderson's Business school of Calgary on Friday last.

Keith and Joyce Bannister have moved into Mrs. Valasek's old home.

Mr. Jack Moir has received word that he will be transferred to a Calgary branch of the Canadian Bank of Commerce in the near future. The accountant there will be sent to Crossfield.

Pat Lilley entertained 10 members of the young sewing group on Thursday, August 31, and all the members spent an enjoyable evening.

Mr. S. Bottomley of Medicine Hat spent the long weekend visiting his daughter and son-in-law, Pat and Walter.

The gentleman involved in the car accident just north of town on Thursday night of last week was a former teacher of Tan-y-Bryn school. He is in the hospital suffering from shock and severe injuries.

Daisy Robinson has accepted a position as housekeeper to a friend in Carstairs and if things work out she expects to be gone all winter.

Mr. and Mrs. Brock Campbell of the local bank have left for the home of the former's parents

where they will enjoy the short labor day holiday.

Mrs. Ed Fraser entertained at one table of bridge last Wednesday. The high score went to Mrs. Jack Hesketh.

Eric Landmore has just finished a nice little chicken house insulated and with cement floor.

The town assessor has reached the end of his job which has been a long interesting one.

The dance held in the Memorial hall was fairly well attended. The music by Kenny Borbridge orchestra was well appreciated. Mrs. Maeve Edger supplied the piano music; Percy Kolstead, the drums; Kenny Borbridge and Milo Martinsen the saxophones. The proceeds swelled the hall fund. A special thanks to Tommy Cummins who provided for the broadcast which was instrumental in bringing an attendance from Calgary.

Jack Brown is spending his long weekend in his home in Leithridge. He starts his trip on Saturday, in his newly acquired Nash, and hopes to reach the city limits before the holiday is over. A large crowd will be on hand to start him on his trip. We all hope that the windshield wipers and the tires do not get too tired of going around.

Mr. and Mrs. Jack Moir are spending the weekend in Calgary.

PRINCE CHARLES, second in line for the British throne, seen somewhat bewilderment in this photograph. He now has a family, Mr. and Mrs. J. Dietrich, playmate, a baby sister with whom to share the spotlight.

## MAKES TOUR OF GARDEN CLUB

CROSSFIELD. — On Monday, Aug. 21 the Happy Garden Club members held their garden tour headed by their new district home economist, Miss P. Mehaw and Mr. Braithwaite of the Alberta Wheat Pool, who together judged the gardens. A delicious lunch was served at the home of Mrs. Frank Laut. Winners of the garden and shrub plots will be announced on achievement day in the Memorial hall August 31, in the afternoon.

Mrs. Fred Jensen, Mrs. Annie Aldred and Mrs. F. Laut are to be thanked for car conveyance for the girls on their tour of gardens.

A meeting of the Happy Garden Club was held at the home of Mrs. F. Laut on the afternoon of Aug. 22. Fine and instructive demonstration on flower arrangement.

Mrs. Arnott then conducted the gathering through her beautiful flower gardens which are a work of artful culture. Miss Jean Arnott served a lovely lunch to all and the afternoon was thoroughly enjoyed. The club members feel deeply indebted to Mrs. Arnott for her valuable help and her kind hospitality.

## MADDEN MURMURS

Miss Isobel Leask who has spent the summer in Scotland arrived home on Wednesday, having flown from Montreal because of the C.P.R. strike. She will leave on September 2 to resume her position as a teacher in B.C.

Mr. Ray Havens is a patient in the General hospital in Calgary.

Mr. Wm. Marles delivered the first grain to the elevator in Madden.

Mr. and Mrs. Liddell and family of Coleman spent a few days with the former's mother. They also attended the Ryan and Liddell wedding.

Mr. Ron Scrup is a patient in the Holy Cross hospital in Calgary.

## Jim N. Rowat Gets Proficiency Award Certificate

CROSSFIELD. — Jim N. Rowat of the locker and cold storage plant is to be congratulated on having received a proficiency award certificate. This diploma is one of the first 30 issued in Canada and is in connection with the hort course which Jim attended in Edmonton some weeks ago on the operation and technique of locker and cold storage plants. Incidentally Jim attained an average of 73 per cent which is very commendable.

As much as 300,000 miles of gold thread is produced annually in Delhi alone.

PRICE CONTROL will be the subject of discussion at a public meeting to be held by the Canadian Association of Consumers in the YWCA on Sept. 14 at 8:00 p.m. Provincial president, Mrs. Frank Conroy urges all consumers to be present.

# Thru The Camera's Eye

## New Gold Mine for Tobacco Growers

The discovery in 1919 that tobacco would grow in Ontario's Norfolk county, transformed a dying mixed-farming district into a thriving "gold mine." That "gold mine" is still producing and is more prosperous than ever. Growing 55 per cent of the

total Canadian crop of flue-cured tobacco (the type you smoke in your favorite Canadian cigarette), Norfolk farmers earn over \$25,000,000 each year from their 60,000,000 pounds of "golden weed."

## To Attend International Women's Conference

Seen here is the delegation of Canadians bound for the September 9 to 19 conference of the Associated Countrywomen of the World being held in Copenhagen, Denmark. In all, some 29 countries

will be represented at the conference with ladies from 90 organizations. The association now has a membership of five and a half millions.

## Goose Bay Has New Commander

The RCAF station Goose Bay, isolated air base on the Labrador coast was the scene of an impressive full-dress ceremony as Group Captain L. J. Birchall, O.B.E., D.F.C., of St. Catharines, famous wartime "Saviour of Ceylon" took over as commanding officer from Group Capt. J. A. Yerner of Vancouver, who moves to Air Force Headquarters as a staff officer in the technical services branch. Here Group Capt. Yerner signs the document that officially hands the station over to Group Capt. Birchall (left) while the station adjutant, Flt. Lieut. J. E. Goldsmith, D.F.C., A.F.C., of Ottawa and Halifax, looks on.

## Takes Part in Tuna Match

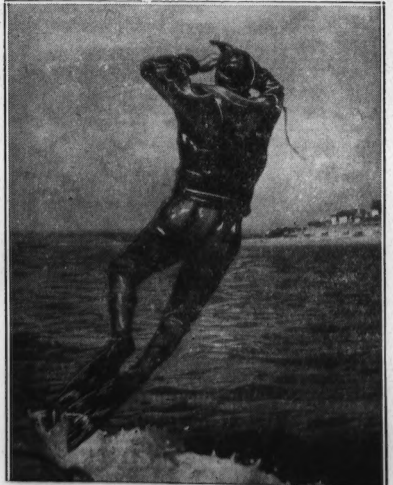

To deep-sea anglers, a square mile of ocean at Wedgeport, N.S., is the best fishing hole in the world and on Sept. 13-16 they will gather from many countries to prove that statement in the form of a fishing contest. Maj. Cyril Frisby, V.C., above, is captain of the British team competing in the International Tuna Cup matches at Wedgeport.

## Now Just a Memory

It was a happy summer for thousands of Alberta circus and carnival fans, as a record number of performances were played here to record crowds. But with fall coming on, such things are now just a memory. Seen here is the elephant Judy, one of the most highly trained in the world, with a pretty circus girl. Performance was snipped during a July presentation in Edmonton.

## Frog Man Takes a Leap

This fellow is no man from Mars, but a Frog Man with the British Navy, equipped for under-sea operations. They derive their name from the frog-like feet which enables them to swim with ease under water. Frog Men perform difficult diving operations, and in time of war, have been known to plant explosives on enemy naval vessels.

BANNERS tell union story of the 9-day national railway strike, which came to an end Wednesday night, Aug. 30. It was the only general rail strike in history, and 124,000 non-operating railmen were involved in it. The government pushed through a bill forcing the railmen back to work, and if the unions and railways do not come to terms in 30 days, compulsory arbitration will prevail.

# Controversy Rising Over Alberta Development Plans

By RAYMOND ARGYLE

With Alberta in the midst of unparalleled development, through expanding oil fields, renewed industrial activity, and a booming construction business, a controversy is arising over plans for future development of the province's cities and metropolitan areas.

With L. E. Detweiler in the centre of a contentious debate over a proposed \$25,000,000 'Miracle Mile' for downtown Edmonton, another figure is stirring speculation and discussion with an \$8,000,000 'Super Suburb' scheme that would give Jasper Place, a sprawling community on Edmonton's western outskirts, 1,250 new homes.

He's Edward Litchfield, an ebullient, self-sure former Edmontonian who's spent the last

decade at the coast in the construction business there.

Detweiler, and the Edmonton civic officials who stand behind him, including some of the commissioners and the town planner, and Litchfield, stand at opposite ends of the globe as far as planned development for Alberta is concerned.

"The trend all over North America is for decentralization," Litchfield told this reporter, and he went on to add that the Detweiler scheme was not in accord with present town planning schemes.

Litchfield would have Canada's Central Housing and Mortgage Corporation undertake financing of his 'Super Suburb' scheme for Jasper Place, with his construction firm doing the job of erecting the thousand-odd units that would go to make up the development.

Speaking of the proposed utility scheme for the same community, which would have the Dominion government finance water and sewers in Jasper Place as a civil defence emergency scheme, Litchfield said that the legislative set-up in Canada does not allow the federal government to step in over the head of the provincial government in such matters.

About 160 acres would be required for his Jasper Place program, and he is asking council there to select three possible sites on which provincial heads could consider locations for the development.

"Next year there may be a \$20,000,000 fund in Alberta for such development," said Litchfield. "It should be used wisely," he added.

"It's the heritage of every North American to own his own home, and his own land, to do as he wishes, providing he doesn't interfere with the rights of his neighbors," said Litchfield. "That's why millions of people left Europe," he continued, "and they came here willing to fight for that right."

He contends that his proposed scheme for Jasper Place would give that heritage to more than a thousand residents there, and that it could be duplicated all over the country.

In Vancouver Litchfield has undertaken two large-scale housing programs, one along the coast city's Grandview highway, and one along Marine Drive, which will be a \$35,000,000 development by the time it is completed five years hence.

## ALBERTA JOB PICTURE BEST

More people were working in Alberta per capita last month than anywhere else in Canada.

That's what the Dominion Bureau of Statistics in Ottawa reported this week.

Per capita weekly wages in Canada hit an all-time high last month and industrial employment climbed to record peak for July 1.

The advance index number of employment, on the basis 1926 equals 100, touched 201.8 compared with 196.4 at June 1, and 199.5 on July 1, 1949.

## Salaries Up

Per capita weekly salaries and wages moved up to \$45.20 from \$44.59 at June 1, and \$42.96 at July 1, 1949.

The employment index by provinces, with the comparative figures for June in brackets: Prince Edward Island 179.5 (167.3); Nova Scotia, 184.6 (180.1); New Brunswick, 182.2 (168.1); Quebec, 197.3 (193.0); Ontario, 212.2 (207.1); Manitoba, 169.5 (160.9); Saskatchewan, 168.2 (164.6); Alberta, 223.0 (214.3); British Columbia, 207.7 (203.7).

## Score Oil Success On Edge Of City

Indications of oil success have been obtained at a wildcat well scarcely beyond the Edmonton city limits.

Officials of the Edmonton North Oil Co., an independent firm headed by William Moore, 1950 University of Alberta graduate, said light brown crude had been obtained in a drillstem test at their Edmonton North No. 1 wildcat.

The well is the closest ever drilled to the city.

## Girls' Club Receives Award

The Munson 'Merrymakers' Girls' club, sponsored by the Women's Institute, were recently declared general proficiency winners for their year's work, by Mrs. C. C. Robinson, provincial supervisor, at the convention at Olds. Cup donated by CERN, Calgary, was presented by Miss Dora Diney. Members, from left to right, are Jeanne Finlayson, Helen Howard, Mrs. T. Sharp (supervisor), Viola Howard and Joanne Finlayson. Munson is about 10 miles north of Drumheller.

## "New Schools for Old" Subject of CBC Broadcasts

By ETHEL TRUFF

Attention of radio listeners is drawn to the CBC series entitled "New Schools for Old."

Dr. S. R. Laycock, past president of the Canadian Federation of Home and School and now chairman of the School Education Committee of the Canadian Home and School and Parent-Teacher Federation will give a series of six lectures which commenced Aug. 29. This series will be on the air at 8 p.m., MST. The series will deal with the following topics on the nights indicated:

Sept. 5—"School Children are People"—A discussion of how discipline in the modern school is different from the old way. This will include a discussion of the modern idea of thinking of behaviour as caused and the need for diagnosing problems in an intelligent fashion.

Sept. 12—"Better Ways of Teaching"—This will bring out the modern trend of teaching as Group Leadership rather than the teacher merely telling, explaining and lecturing.

Sept. 19—"Teachers Ancient and Modern"—The public still thinks of teachers as filling-station hands rather than as social engineers. The modern teacher

must be intelligent, well-adjusted and resourceful.

Sept. 26—"The Slow Child in School"—He will deal here with the effects of failure and discouragement in the traditional school and the newer ways of helping such a child.

Oct. 3—"The Bright Child in School"—This will include discussion of what the bright child contributes to society, what he is like and how he should be handled in school.

Parents are requested to write their opinions of the broadcasts to G. F. Bruce - CBC.

The first recorded typewriter was patented in England in 1714.

### Drunkenness No Excuse

"I didn't know what I was doing. I didn't really intend to hurt him" . . . "to crash into the car" . . . "to commit murder" . . . "to leave my child" . . . "to hit that policeman" . . . "You see, Your Honor, I was a little high!"

"I was intoxicated."  
"I was under the influence of liquor . . ."  
"I didn't mean to" . . . "The act was not premeditated" . . .

Intoxication as an excuse, twisted and turned this way and that, but still an excuse. Something to lean on when common sense has gone.

An appeal to the court on the ground that all men have this common failing, and you, Your Honor, know that a man is not quite all there when he is drunk and shouldn't, therefore, be held responsible for what he does.

When is all this nonsense in our courts going to stop?  
Drunkenness is no excuse and never can or should be held as such.

Drunkenness is a cause.  
A man or woman who, when intoxicated, damages, injures, or kills, is and should be just as liable as the man or woman who, when sober, damages, injures, or kills.

To the dead child it makes no difference whether its killer was sober or intoxicated.

If anything, a sober killer is more likely to have taken precaution to avoid the death. The drunk killer is a killer whether in a car or with a gun or knife in hand.

### Attention Governments

This editorial is directed to provincial and federal members of parliament and to senior civil servants.

But even if the idea it suggests is essentially sound, it will need the support of electors all over Canada to put it into effect.

Here is the idea. Would it not be more sensible for our federal and provincial governments, in decentralizing further their offices, to locate in cities and towns not already favored by expanding industrial growth?

In other words, why should not governments locate more branch offices in municipalities in which office space is less expensive, housing is easier to get, and in which the added employment potential would ease to some extent the jobless problem?

Certainly convenience in communication services is a factor in certain places but we wonder if this consideration is not more than offset by other gains.

### Note and Comment

An investment in soil conservation, in reforestation, in wild life preservation, is a re-affirmation of our belief in leaving to our children a heritage of which they may be increasingly proud.

James Syme Hastings, who worked on the Cincinnati Enquirer in the early 1900's, contributed many famous sayings which are still used by current wits. Among them are the lines: "Every baby resembles the relative who has the most money." "Do right and fear no man; don't write and fear no woman" was another. Again, "Most husbands develop into pretty decent animals, considering the material their wives have to work with."

Municipal district councillors hereabouts who had an expensive time with winter-worn roads this spring might profit from this story by Earl Wilson.

A visitor asked a local councillor: "How are the local roads?"  
"Fine," he replied. "We've abolished bad roads."

"Big job, wasn't it?" said the visitor.  
"Not at all," the councillor said. "Wherever the going is particularly hard, we don't call it a road. We call it a detour."

Businessmen who object to government in business, should conduct their affairs like free enterprisers and not like monopolists.

### "It Ain't Necessarily So"

By T. W. FUE

There is an old saying that figures don't lie—but liars can figure.

In the unemployment insurance game this does not hold true. In other ways, perhaps, but the very existence of Unemployment Insurance benefits gives us much greater unemployment figures than the true facts would bear out.

When a lady works and pays unemployment insurance, then gets married and quits her job to spend her time at housework instead of pushing the keys of a typewriter, is she unemployed? Of course not. But because of U.I.C. she registers as unemployed, and draws the benefits.

Take another example. A small acreage farmer gets a job with a construction crew during the summer. He and his family work hard on their little farm to provide a livelihood, in addition to his construction job. Freeze-up comes, building slackens and he's out of work. Now if there was no unemployment insurance he'd go back home and do the daily chores without bothering to call himself unemployed. But because of out-of-work benefits he lists himself in the winter season army of idle workmen.

Carpenters are always considered a little higher paid because their work is seasonal. But there are always six weeks of bitterly cold weather when they'd rather get \$18.00 a week from the government and be home by a warm fire than \$60.00 on the job. More unemployed, who wouldn't consider themselves as such if it weren't for the U.I.C.

"Unemployment Insurance is making bums out of some young men. They would rather take \$18.00 a week in insurance than go where work is available."

This statement was not voiced by any reactionary, conservative industrialist.

It is the considered opinion, recently expressed of a man intimately acquainted with the operation of our Unemployment Insurance Commission, and one who is entirely sympathetic to the plight of those who are jobless through no fault of their own.

He must remain anonymous because he is a senior civil servant. But his views are worthy of study.

Far too many Canadians look upon jobless insurance funds as money which they, themselves, have saved and, therefore, money which they have a right to dispose of as they see fit.

That, of course, is far from the case.

Jobless insurance funds are not the sum total of the savings of all Canadian workers. If each contributor decided to quit and draw the unemployment insurance to which he or she is "entitled," the fund would be speedily broke.

While there are 585 million dollars in the federal unemployment insurance treasury, it is worth noting that in 1949, a year in which Canadian employment funds at a high, the fund staged a very "close race" between costs and income.

Unemployment insurance is insurance and nothing more. It is intended to cover short term emergencies. It is paid out of funds contributed only one-third by the employee, and the balance by the employer and general tax-paying public.

Insurance is only good if it is paid out under sound, business principles.

It is not designed, and never was, to bonus idleness.

### Scriptural Meditations

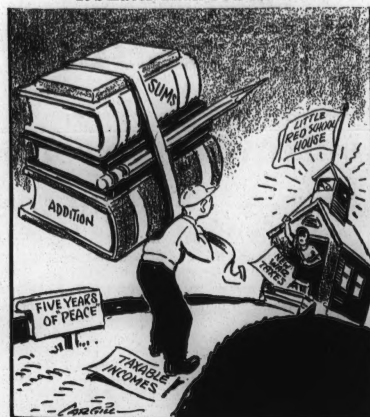

"When we come to ask mercy and blessing from God we should have a spirit of love and forgiveness in our own hearts. How can we pray, 'forgive us our debts, as we forgive our debtors,' (Matt. 6:12) and yet indulge an unforgiving spirit? If we expect our own prayers to be heard we must forgive others in the same manner, and to the same extent, as we hope to be forgiven."

"Perseverance in prayer has been made a condition of receiving. We must pray always, if we would grow in faith and experience. We are to be 'instant in prayer,' to 'continue in prayer, and watch in the same with thanksgiving.' (Rom. 12:12; Col. 4:2) Peter exhorts believers to be 'sober and watch unto prayer.' (1 Peter 4:7) Paul directs, 'In everything by prayer and supplication with thanks giving let your requests be made known unto God.' (Phil. 4:6) 'But ye, beloved,' says Jude, 'praying in the Holy Ghost, keep yourselves in the love of God.' (Jude 20-21)

"Unceasing prayer is the unbroken union of the soul with God, so that life from God flows into our life; and from our life, purity and holiness flow back to God."

—STEPS TO CHRIST.

### It's Later Than You Think!

World has only had five years of peace, but as far as most taxpayers are concerned, it's later than you think! More money for defence means more taxes.

### Voice of the People

"VOX POPULI, VOX DEI"

#### Keep Trucks Free

Dear Editor—If there was need of proof that truck transportation is an indispensable part of our economic life, the recent rail strike should resolve it once and for all . . . and it should demonstrate the threatening implications of federal control of highway transportation. This national transportation emergency would have been a national disaster if the trucking industry had not been free to play its full part in the nation's business.

It would be folly to jeopardize Canada's economic life in these critical years by denying the motor transport industry its natural growth. The recommendations of the railways in respect to meeting motor transport competition are economically unsound and politically undesirable. All of Canada stands to lose if the federal government assumes control of highway transportation and inevitably proceeds to legislate it out of existence in response to pressure of railway management and labor.

Respectfully yours,

A. H. MUIR

#### Civil Service Lament

Dear Editor—In all the merry-go-round of Ottawa, things are at their worst in hot weather. The work slowed up so much this summer that the director sent the following circular to various offices in his department:

"It has been brought to the attention of this office that man employees have been doing while on duty for apparently no good reason at all. Furthermore, the same employees are refusing to fall down after they are dead. This practice must stop at once. On and after July 1, any employee found sitting up after he or she has died will be dropped from the payroll at once without further investigation under Regulation No. 29, section 89. Where it can be proved that the employee is being held up by a desk, drafting table or typewriter or any other support which is the property of the government a 90-day period of grace will be granted. The following procedure will be strictly adhered to: If after several hours it is noticed an employee has not moved or changed position, the department head will investigate. Because of the highly sensitive nature of our employees

in regards to such things as death and their natural working attitude, the investigation will be made quietly so as to prevent waking the employee if he is asleep. If some doubt exists as to his true condition, extending a pay check is a fine test. If the employee does not reach for it, it may be reasonably supposed that he is dead. (Note: In some cases the instinct is so strongly developed, however, that a spasmodic clutcher reflex action may occur. Don't let this fool you.) In all cases a sworn statement by the dead person must be filled out on a special form provided for this purpose. Fifteen copies will be made, three copies will be sent to Ottawa and two copies to the deceased, the others will be promptly lost in the department files."

Ottawa

S. J. W.

#### Bombs Away

Dear Editor—Stalingrad . . . Coventry . . . Cologne . . . Hamburg . . . Hiroshima . . . Nagasaki . . . Here then are six terrible examples of bomb destructiveness. How can there be any possible doubt in the minds of our public officials that these examples, one might almost say lessons, so widely publicized on this North American continent, demonstrate that the European concept of town planning with its accent on "Recentralization" is outdated. To prattle of parking problems in Edmonton and suggest greater concentration as a solution, is sheer nonsense. The public's instinctive trend is towards greater safety through "Decentralization," the movement lacks leadership therefore for a degree of chaos exists.

The concentration of public buildings, warehouses, manufacturing plants and populations in a German concept of town planning developed primarily because of land lack, and because it helped regeneration.

Projects of the nature of that at present being sponsored by City Commissioner Hodgson and Mr. Detwiler could be excellent markers for a bombing run.

Perhaps an atom bomb will never fall on Edmonton, but in the light of present and probable future conditions, who will dare predict that other types will not.

E. LITCHFIELD.

Edmonton.

## SUNDAY SCHOOL LESSON:

# Christianity's Growth Possible Through Courageous Preachers

The growth of Christianity has been due largely to the fearless utterances of consecrated preachers who obeyed their conscience and dared the enmity and hostility of powerful and determined opposition.

When John Bunyan was in prison and threatened with banishment unless he desisted from preaching, he replied: "If I were out of prison today, I would preach the gospel again tomorrow, by the help of God."

When the Apostle to the Indians, Eliot, was threatened by the heathen that he would be killed, he replied: "I am about the work of the Great God, and my God is with me; so I fear neither you nor all the Sachems in the country."

So it was with Martin Luther. During his conflict with the Pope, when he was summoned to the Diet of Worms, his friends begged him not to go. "Were there as many devils in Worms as there are tiles on the roofs, I would go," he replied. At Worms, asked to recant, he said, "I may not and will not recant. I can do nothing else; here I stand; so help me God, Amen."

Several months after Pentecost, the stir caused by the unusual events of that day had begun to subside when Peter and John inaugurated a new wave of amazement. As they passed the Beautiful Gate of the Temple, a well-known beggar, lame from birth, appealed for help. Unable to give financial aid, Peter restored him to health and strength—a much greater blessing than the beggar had asked for or expected. Immediately following, Peter preached to the crowd which gathered, boldly proclaiming Jesus as the Messiah, accusing the Jewish people of his death, and declaring that Jesus had been raised from the dead by God.

The Temple priests considered the teaching of religion their exclusive functions. The Sadducean party, to which the High Priest belonged, rejected the doctrine of immortality and naturally disliked the preaching of the Resurrection. Therefore, Peter and John were seized, lodged in prison over night, and in the morning brought before the assembled Sanhedrin, which had gathered to pass upon this new challenge to traditional religion.

Called upon to explain the power by which he had done such

a miracle, Peter replied with boldness and courage. He frankly and affirmatively declared that his work had been done in the name of Jesus and accused the tribunal of crucifying the expected Messiah. Further than that, Peter declared that in Jesus alone was salvation and in no other, thus stating the exclusiveness necessary for complete faith in Jesus.

The members of the Sanhedrin were astounded at the bearing and utterances of these two men, whom they knew to be laymen and unskilled in theological instruction. They realized that these men had been companions of Jesus.

Seeing the formerly lame man standing healed in their midst, they could say nothing but warned the apostles not to continue with their teaching. However, Peter promptly answered that they would have to obey God rather than men.

Peter, before the Sanhedrin, was a different man from the denying fisherman only a short time before. Something had happened to him. Dr. J. H. Jowett points out what this was:

"He had been to the empty tomb. The awe of the resurrection is upon his spirit. And he had been by the lake on the morning of the reconciliation. The live coal from the altar of his Lord's love had touched him and had purged away the uncleanness of his denial. And he had been in the upper room at Pentecost, and the mighty Spirit had come upon him like wind and flame, endowing him with forceful and enthusiastic character. Now, he can dare for God, now he can work for God, now he can burn for God! And this is how he has been transformed."

Even in the cowardly, uncertain, boasting, arrogant, denying Peter, God saw possibilities. At times, it seems that God deliberately chooses those who have

## Teachers Attend Banff Meeting

Sixty-five teachers selected from all parts of the province are attending the second annual Workshop of the Alberta Teachers' Association at Banff this week. The Workshop is conducted annually by the Alberta Teachers' Association for the purpose of developing interest in extra-curricular activities pertaining both to the affairs of the teachers and to the communities in which they work.

The Workshop offers four regular and one special course, each of which is headed by a consultant. The teacher-students are divided into four groups with each group having two half-day periods for each course.

C. R. Strother, professor of clinical psychology at the University of Washington, is the consultant in the course on group planning and Lars Olson, a past member of the provincial executive of the Alberta Teachers' Association, is conducting the course on administration in the Alberta Teachers' Association. Third course is on educational publicity and public relations and is headed by T. A. Shandro, Alberta Teachers' Association director of educational publicity and public relations. Gordon Wilkinson of the Trades and Labor Congress is the consultant in the course on collective agreements.

A special course on education writing is being conducted this

year under direction of Howard M. Brier, professor of journalism at the University of Washington. The 65 teachers met in general session Monday forenoon. Group classes are now being conducted and the final session Saturday will once again be a joint session for purpose of reports and evaluations. An open forum on educational publicity and public relations was conducted Tuesday evening with prominent men of press and radio participating. On Thursday evening, a similar forum will be conducted on the topic, "Co-operation Within the School System."

Eric C. Anstey, general secretary-treasurer of the Alberta Teachers' Association and director of the Banff workshop, is in charge of organization.

At least twice weekly, aircraft from Alaska fly to the North Pole, and back to make weather observations.

## Definite Rebuke

"I asked if I could see her home."

"And what did she say?"

"She said she'd send me a photo of it."

## In Reverse

"Why didn't you enjoy your drive to Florida?"

"Well, we had to follow the main highways—all the detours were being repaired."

## Same Clothes

"I don't like to say it, dear, but Fred doesn't seem to be as well dressed as when you married him three years ago."

"That's strange. I'm positive it's the same suit."

## Pals

"Girls, my pal over there is going to surprise everybody at the party tonight by singing, so I guess I'll accompany him."

"On the piano?"

"No, to the hospital."

## Patriotic Gesture

"So you traded in your old car, at last," said the pessimist.

"Yes," said the optimist, "I'm not one to hold back on our defense program when the government needs scrap iron."

## Melody Lingers On

"My daughter has arranged a little piece for the piano."

"Good! It's time we had a little peace."

## Abstinence or Else

"So you attribute your longevity to abstinence from alcohol?" inquired the inquiring reporter.

And the centenarian admitted, "Yes, my wife would have killed me if I had touched a drop."

## Not So Slow

Three men named Jones, all in the same line of business, opened shops next door to one another. The one on the right had the name "Jones" painted in large letters over the door. The one on the left immediately did the same thing.

The sign-painter then approached the centre Mr. Jones, asking him if he would like his name painted also.

"No," said the wily one. "I want you to paint the word 'Entrance,' over my door."

## Letter to Louisa

Mother Thinks Married Son  
Should Stay With Her

Dear Louisa—I have an only son who has recently married. I have a large enough house to accommodate all of us and had expected to have him and his wife live with me, but during the past week he has been offered a much better paying job in another city.

His wife is anxious to go and he wants to go, in a way, and yet he hates to leave me alone. He feels that it is his duty to stay with me.

His wife has suggested that a nephew of mine stay with me, but that will only mean protection and not the companionship that my son and I have enjoyed together.

Don't you think the young folks owe us old ones something?

MOTHER.

## Answer:

Yes, I think they owe us something, but not the ruination of their lives. From your letter I think you are the selfish person in this instance, instead of your son.

To begin with, you are willing to keep him in an underpaid position and probably kill all of his ambition, and initiative in order to keep him tied on to your apron strings. Instead, you should be so happy over his promotion and be doing everything possible to make him do the best he can.

You are apparently an able-bodied well woman. Why can't you rent out part of your house or get some congenial woman to come and live with you? There are so many things for you to be interested in that you must cease depending on your son for all of the companionship you have hitherto enjoyed.

You must remember that he is

married now and that his wife is supposed to come first. Unfortunately, while you will both be as dear to each other as ever, you cannot possibly see as much of one another as you have in the past, without causing dissatisfaction between him and his wife.

A wife has her place and a mother hers, and it is well not to demand too much.

Good luck,

LOUISA.

## Alberta Crops Reported Later than Normal

Alberta crops are two to three weeks later than normal, Hon. David Ure, minister of agriculture, reported last week. Harvesting is becoming general in the south, with yields of five to twenty bushels in some areas, he said.

Mr. Ure stated that average yields west and north of the Killam line probably will be between 15 and 25 bushels per acre, but harvesting will not be general in this area from one to two weeks. East and north of Edmonton the average yield has been estimated at between five and 17 bushels.

Prospects for forage seed crops are generally fair.

A hailstorm which struck several districts two weeks ago, is reported to have caused damage to 50,000 acres between Dayland and Craik.

Condition of livestock continues fair to good. The fall pasture outlook is mostly good. Reports on the second hay crop indicate only fair to poor yields, but other fodder is generally sufficient for requirements.

Despite good pastures, cream production for buttermaking continues below the same period last year. Fewer cows are being milked. It is believed that current high prices for slaughter cattle has resulted in the sale of many marginal producers.

### Latest Rural Electrification Project Opens

The Borradaile district just east of Vermilion was the scene of a happy gathering recently when the residents of that district and many interested friends met to celebrate the completion of the latest addition to the ever-growing list of Co-operative Rural Electrification projects that continue to extend the comforts and conveniences and economies of electrification to rural Alberta.

The gathering place was Union school, established in 1909, and it is interesting to find that among those who were mainly instrumental in bringing electricity to this area of seventy square miles, there were three of the original students at this school.

The highlight of the afternoon was when, ushered in by the martial strains of the bagpipes played by Pipe Major Angus McMillan and Roderick McMillan, Wop May of Canadian Pacific Airlines turned the switch.

Among the visitors present was the mayor of Vermilion, Mr. W. P. Pilkie who recalled some of his early experiences when he started farming in this district in 1907. Mr. John Melenka, Alberta Master Farmer from Warwick congratulated the association. He stated that his farm had been electrified for just about a year and, as a result of his experience, was convinced it was the best investment

he had ever made. The Borradaile project would, he was sure, prove equally satisfactory to the farmers of the area to be served and in its broader aspects marked one step more towards the completion of the electrification of rural north-eastern Alberta.

Mr. Steve Hawrelak represented Canadian Utilities Limited and expressed appreciation of the fine co-operation he had had from the board of directors and others during the process of organization.

The president of the Borradaile Rural Electrification Association is Mr. Hugh Stewart and associated with him as directors are Messrs. Charles Pearman, Bill Gillman, William Walker, Kenneth Watt, Donald Harrison and Robert Galloway. Mr. R. D. Mitchell of Vermilion is the secretary-treasurer.

The economy of Newfoundland rests primarily upon three industries—fishing, mining, pulp and paper and other forest products.

## Quebec's Meteoritic Crater Said Biggest on Earth

The largest known meteoritic crater in the world, the famed El Diabolo in Arizona, which is about three-quarters of a mile across from lip-to-lip, will have to give way to a basin discovered in the moss-covered granite plain in northern Quebec.

A party of Canadian explorers say, that the newly-discovered crater is two and one-half miles wide. An aerial photograph of a newly found lake in a circle of rock attracted the attention of prospectors and led to the expedition that is now convinced that the five hundred and fifty-foot deep hole is of meteoric origin although further investigation must follow before the assertion can be positively made.

#### Harvest Starting

Crops have made good progress during the past week under favorable weather conditions, and cutting will be general this week. General conditions are fairly good except where the hail and frost have been severe, says the weekly crop report of the United Grain Growers.

Certain moths cannot fly until they have reached "flight temperature" by energetically vibrating their wings.

We will be glad to show you over these properties—at no cost to you. Do not buy until we have shown you our listings—it will pay you. Phone or write Gould & Son, Mayerthorpe and Sanguo, Phone 41, Mayerthorpe, Alta. CTF

## Cost Of Living Continues To Rise Throughout Alberta

Prices continued to advance in Alberta during the past week, with bread and tobacco being the latest commodities to receive new boosts.

Advance of five cents on half pound tins of fine cut tobacco was announced by Imperial Tobacco Company. Increased cost of tin and tobacco are given as reason.

Higher priced cigars jumped from half to two cents each, due to higher cost of fine Havana leaf.

Price rises were also reported for children's shoes, and flannel-ette blankets.

The Dominion Bureau of Statistics reported this week that while industrial employment climbed to a new peak in July, average weekly salaries for Canada's wage-earners moved up to \$45.20 from \$44.59, at June 1, and \$42.96 at July 1, 1949.

A path of bulls' blood was used as a baptism in the mysteries of Attis.

## More Power To You!

SAYS EVA CRUMMY

RAINY DAY ROMANCE: Some people who should be happy when it rains are farmers, taxi-cab drivers, owners of "mud" horses, fishermen, and girls who have "cute" raincoats.

Rainy days at home with children may be anything else but happy unless we keep that "cat and dog" business on the outside with the rain. The best way to spend a successful afternoon with the children is to take the "bull by the horns" and ELAN some activity which will completely absorb their attention.

Making cookies is an excellent pastime for a rainy day. Another is mending. Each little man and woman can collect the things which need a stitch or button, and perhaps do it himself with some assistance from mother.

TIME TO SEW A FINE SEAM: While mother is putting the odd stitch in this or that is a fine time to introduce children (any age over five) to the magic of running a sewing machine.

Remove the thread from the machine and the bobbin from its case. If the machine has a treadle the child can be taught the importance of pressing forwards and backwards ALL the way, by comparing it to a seesaw, which has to touch the ground in order to be pushed up again. This enables the child to keep the balance wheel operating in the same direction, and thus avoids breaking the thread. An electric sewing machine is easier for a beginner to manage. A few minutes of practice will enable one to acquire the correct pressure for the knee or foot lever.

Let the child make holes on lined paper. This will "iron out" any treadle or lever difficulties, and give practice in starting and stopping without changing the direction of the balance wheel.

When the child can stay on the lines, more difficult figures with curves and corners should be drawn on the paper in order to give practice in handling the presser foot, and yet keep the needle down in the paper at the corners. A light touch keep the paper in position, with more opportunity to keep the lines straight.

The next step is to sew with thread! By turning the balance wheel just enough to bring up the thread from the bobbin, both threads can be pulled back for the purpose of this avoids that tangling of threads which beginners usually encounter. It is NOT necessary to show a child how to thread the machine immediately. This can come later. The youngster is more interested in RUNNING the machine, much the same as an adult learns to run a car without knowing all about taking it apart.

Our first lesson in driving a car does not take place in traffic, or a small backyard. So it is with sewing! Small pieces of material only adds to one's difficulty, so we should give the youngster a generous piece of cloth.

The better parts of an old sheet can be made into pillow slips, with or without French seams, depending of course, on the age or ability of the child. These pillow cases won't have a very long life, so it won't be a matter of life or death if the seams aren't perfect!

But the children will have a feeling that they have made something which can be used. What's more they will have a happy afternoon when it rains, providing another picture in the album of memories which they will always remember.

## Louis to Meet Charles In Heavyweight Comeback

By AL CONNOR

With two-to-one odds that the Brown Bomber will once again be the world heavyweight boxing champion on the night of Sept. 27, interest is picking up locally in the forthcoming pugilistic event when Joe Louis will meet Ezzard Charles to clarify the muddled heavyweight boxing picture.

Winner of the contest will be recognized by all boxing authorities, including Ring magazine, as undisputed world champion.

Ever since Louis quit after his second defeat of Jersey Joe Walcott, three or four versions of world champion have been floating around. England claimed Bruce Woodcock, New York stood behind Lee Savold, and the rest of the United States backed Charles.

New Savold has put Woodcock out of the figuring, but he recently turned down a chance to face Charles, saying he wanted only to tangle with the Brown Bomber.

Nevertheless, Charles and Louis will probably get a crack at the winner a few weeks hence when the fate of the world title will be decided, with Savold standing out in the cold.

However, Savold would still probably get a crack at the winner a few weeks hence when the fate of the world title will be decided, with Savold standing out in the cold.

While Louis' main reason for the come-back is his bad need for a fast buck—he's in debt to Uncle Sam's tax collectors to the

tune of \$250,000—he's also looking to become the first man ever to regain the heavyweight crown, after first being defeated, or retiring undefeated, as did Louis.

It has been tried, and tried again, but has never been accomplished. Jim Corbett, for one, came back after having lost the title to Bob Fitzsimmons, and was close to a decision over Jim Jeffries, then champion, until the Boilermaker hung a heavy kayo on Gentleman James in the 23rd heat.

Jim Jeffries retired undefeated, and then came back to fight Jack Johnson, who gave him a thorough trouncing.

In the matter of Joe's tangled finances, it is reported that certain exemptions and allowances which Joe's accountants put through a couple of years ago, and which he believed certain to be accepted, have been disallowed. Louis is in no position to meet the bill which the Income Tax Bureau has sent him, it is conceivable that if Louis were to offer his end of a fight with Charles in settlement, it would be accepted.

## Prices Need Scarcity for Support

While housewives are complaining about the high price of vegetables, farmers in Ontario are suffering from falling prices in the worst market in the farming community's history. These cabbages were sold, wholesale for 4½ cents. At prices like that, farmers say, they cannot continue. Overabundance of garden crops elsewhere, they say, has ruined their usual market outlets.

## Wedding Dance Held In Beiseker

BEISEKER.—A wedding dinner and reception was held in the Beiseker Memorial hall on Tuesday, August 29 in honor of Mr. and Mrs. Vaughn Grammas who were married at Long Beach, Cal. recently.

The reception opened with the introduction of the newly-weds by the chairman, Mr. John Leiske to a large number of guests from Beiseker, Drumheller, Calgary and other points, followed by a well-prepared program consisting of the following numbers: 1. O Canada; 2. March by Band (promotion); 3. Reading by Marjorie Leiske; 4. March by Band (Mutual); 5. Instrumental duet by Billy and Bobby Huether; 6. Overture by Band (Ambition); 7. Vocal solo by Mrs. Earl Chandler Sr.; 8. Piano solo by Leslie Berreth; 9. March by Band (Military Escort); 10. Introduction of the bandmaster, Mr. Norman Halling, Calgary and his assistant for reed instruments, Mr. Rex Conlin, Calgary; 11. Humorous skit by Mrs. Emil Grammas and Mrs. York accompanied on the violin by Mr. Emil Grammas, reminiscent of Mr. and Mrs. Grammas' courtship leading up to Vaughn's wedding to the tune of "Long Long Ago"; 12. Waltz by Band (Chalmers); 13. Male Quartet by Earl Chandler, Courtney Gimbel, Marvin Dick, and Jimmie Sueleis; 14. Address by L. L. Schmaltz, mayor; 15. Ac-

cordion solo by Leona Tschritter; 16. Duet by Mrs. Sam Leiske and Mr. Jake Gimbel accompanied by Mrs. Jake Gimbel; 17. March by Band (Showboy).

At the conclusion of this very enjoyable program a wedding dinner was served in the basement to over 250 guests during which time a friend of the groom, Mr. Steve Woodman, announcer for CKXL from 4:30 to 5:00 p.m., was called on by the chairman for a few words to the bridal couple before rendering some beautiful selections on the piano. Mr. Roy Haymond Drumheller, uncle of the bride, proposed the toast to the bride which was responded to by the groom. A beautiful three-tier wedding cake centered the bride's table.

### EXPENDITURES UP

Personal expenditure by Canadians on consumer goods and services amounted to \$10,750,000,000 in 1949, compared to \$3,770,000,000 in 1938.

Sapphire balls up to a quarter-inch in diameter are being substituted for steel balls in bearings subject to high temperatures or chemical corrosion.

## KIBA League Winds Up Season

The KIBA Baseball league held a banquet in the Beiseker Memorial hall, Wednesday, August 30 for all team members, umpires and executives. Special guests were Rev. A. E. Tennant and Mr. Tom Timmons of the Calgary Brewing company, numbering 90 in all. The banquet was served by the Catholic Women's League at 7:00 p.m.

The welcome address was given by Mayor L. L. Schmaltz. The dinner meeting was under the chairmanship of League president, Louie Reumiller, who gave a short address on the league progress and its importance of continuing.

League secretary - treasurer, A. L. Patterson gave the financial report which showed the league had made some money this year. He also mentioned the importance of co-operating with the local and small town umpires, who give their all and receive only a lot of beefing. He said this was important because we may find it hard to get these officials in the future with no pay.

The managers of each club were given an opportunity to speak for a few minutes, before the presentation of the Calgary Brewing Trophy by Mr. T. Timmons to the winning Keoma team, who stated that as far as he knew this was the only league in western Canada that was in good standing financially. The trophy was received by manager Vern McKay.

Immediately following the banquet a forty-minute film on the 1949 World Series was shown, which was enjoyed by all.

The committee wish to thank the CWL for catering; the Lions club for co-operating with the film projector, and any others who helped make this first league get-together such a great success.

## District Residents Wed In States

BEISEKER. — A beautiful terrace, high above Los Angeles, in Bel-Air California at the home of Mr. and Mrs. Carl E. Haymond, was the setting for the six o'clock wedding of Miss Barbara Haymond and Mr. Vaughn Grammas on August 7.

The bridal party entered the garden through high standards entwined with ropes of ivy and white flowers leading to the white pillows where they knelt for the double-ring service.

The bride, who wore the traditional white wedding gown, was given in marriage by her father. Her floor-length taffeta gown was fashioned with a fitted bodice, long sleeves and a drop neckline. She wore her grandmother's amethyst necklace and a veil of real lace, which had been worn by the groom's mother at her own wedding. The bridal bouquet was a shower of bouvardia and white roses.

The bride's only attendant was Mrs. Dexter Haymond, who wore a gown of pale pink and carried and arm bouquet of roses. The groom's best man was Mr. Dexter Haymond, the bride's cousin.

For the wedding the bride's mother chose a dress of navy

frosted organdie; the groom's mother wore a gold gabardine suit. Both wore a corsage of white carnations.

Immediately following the ceremony a toast was proposed to the bride by her uncle, Mr. Carl E. Haymond. A buffet supper was served on the terrace.

The groom's parents, Mr. and Mrs. Dan Grammas flew down from Calgary, Alberta, for the wedding and spent a short time with the bride's parents, Mr. and Mrs. Lee Haymond of Long Beach, California.

For travelling the bride wore a red suit with matching coat and white accessories. Her corsage was white roses. After a short honeymoon in Mexico the couple motored to Beiseker, Alberta.

The bride and groom both attended Mount Royal College in Calgary, and the University of British Columbia in Vancouver, B.C., where Mr. Grammas was affiliated with Delta Gamma Epsilon fraternity.

It is about two miles north, between Edmonton and the Namas airport.

## PUBLIC NOTICE

By the Board of Trustees of The Olds School Division, No. 31, of the Province of Alberta.

Whereas it is deemed expedient by the Board of Trustees of the Olds School Division, No. 31, of the Province of Alberta, that the sum of \$350,000.00 should be borrowed on the security of the said Division by the issue of Debentures repayable to the bearer 20 equal consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely:

Building a 10-roomed brick and tile school with auditorium in Didsbury, a 5-roomed brick and tile school with auditorium in Carstairs, and to purchase and install in the said schools heating plants, plumbing, and electrical work.

Therefore, notice is hereby given by the Board of the said School Division that unless a poll of the proprietary electors of the said School Division for and against the said debenture loan is demanded as provided by The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

WM. H. DAVIES (Chairman).  
Dated at Didsbury, Alberta, this 15th day of August, 1950.

Instructions to Proprietary Electors in a School Division  
A poll may be demanded in a School Division by a demand signed by five proprietary electors of each of at least twenty per cent of the districts in the division.

Every demand for a poll must be delivered to the Secretary of the Division or District or, in his absence, to the Chairman of the Board of Trustees, within fifteen days after the date of posting of the last publication in a newspaper of this notice. A certified copy of the demand must be forwarded forthwith to the Board of Public Utility Commissioners of Alberta at Edmonton.

"Proprietary elector" means any elector, other than a tenant, who is liable to assessment and taxation for school purposes of any property situate in a School Division.
